1. Purpose

This Policy and the associated Procedure are designed to ensure that the Australian Institute of Higher Education ('the Institute') responds effectively in the event of student dissatisfaction.

2. Principles

The key principles informing this Policy are the Institute's commitment to the following:

- Developing a culture that views complaints as an opportunity to improve the organisation and how it works;
- Setting in place a complaint handling system that is client focussed and helps the Institute prevent complaints from recurring;
- Ensuring that any complaints are resolved promptly, objectively, with sensitivity and in complete confidentiality;
- Ensuring that the views of each complainant and respondent are respected and that any party to a complaint is not discriminated against nor victimised; and
- Ensuring that there is a consistent response to complaints.

3. Context

The Institute is committed to developing and maintaining an effective, timely, fair and equitable complaint handling system which is easily accessible and offered to complainants at no charge.

4. Scope

This Policy applies to all students and relevant staff at the Institute.

5. Definitions

See the *AIH Glossary of Terms* for definitions.

6. Policy Details

6.1 Making a Complaint

Students (or persons seeking to enrol with the Institute) who wish to make a complaint should follow the process set out in the *Student Complaint and Appeal Procedure*.

Before making a complaint, students (or persons seeking to enrol with the Institute) are encouraged, wherever possible, to resolve concerns or difficulties directly with the person(s) concerned.

Students requesting a review of an assessment should refer to the *Assessment Appeal Policy* prior to utilising the steps outlined in the *Student Complaint and Appeal Procedure*.

6.2 Lodging an Appeal

Students (or persons seeking to enrol with the Institute) wishing to lodge an Appeal should follow the process set out in the *Student Complaint and Appeal Procedure*.

7. Legislation

This Policy complies with Higher Education Standards Framework standard 2.4 (Student Grievances and Complaints), which specifies that:

“Current and prospective students have access to mechanisms that are capable of resolving grievances about any aspect of their experience with the higher education provider, its agents or related parties.

There are policies and processes that deliver timely resolution of formal complaints and appeals against academic and administrative decisions without charge or at reasonable cost to students, and these are applied consistently, fairly and without reprisal.

Decisions about formal complaints and appeals are recorded and the student concerned is informed in writing of the outcome and the reasons, and of further avenues of appeal where they exist and where the student could benefit.”

8. Version Control

This Policy has been endorsed by the Australia Institute of Higher Education Academic Board as at February 2017 and is reviewed every 3 years. The Policy is published and available on the Australian Institute of Higher Education website <http://www.aih.nsw.edu.au/> under ‘Policies and Procedures’.
